# The Annual Meeting

The Annual Meeting will cover four items of business, and you will be asked to vote on three of them.

---

## 1. RECEIVING THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT

Our consolidated financial statements for the year ended December 31, 2020 and the auditor's report, will be received at the Annual Meeting. Our consolidated financial statements for the year ended December 31, 2020 and management's discussion and analysis, is available on our website ([www.interfor.com](http://www.interfor.com)) and under the Company's profile on SEDAR ([www.sedar.com](http://www.sedar.com)). You will have an opportunity to submit questions about our consolidated financial statements for the year ended December 31, 2020 and the auditor's report by sending an email to [corporatesecretary@interfor.com](mailto:corporatesecretary@interfor.com) prior to May 5, 2021 and your questions will be addressed at the Annual Meeting.

## 2. ELECTING THE DIRECTORS

The Corporate Governance, Responsibility & Nominating Committee in conjunction with the Chair of the Board, has recommended to the Board that the eleven nominees described below stand for election as directors of the Company, after assessing their individual qualifications, diversity, experience and expertise and being satisfied that they exhibit integrity, professionalism and independent judgment, to ensure that they fulfill the Board's composition, skills and experience requirements. Shareholders will elect the Board of directors at the Annual Meeting. Director nominees are voted on individually, not by slate voting.

All of our current directors are standing for re-election, and the Board has waived the application this year of the mandatory retirement policy to Messrs. MacDougall and McMillan, in light of the unique circumstances created by the COVID-19 pandemic. The Board succession planning process has resulted in the appointments of five independent directors in the past five years, with the two most recent appointments having taken place in 2019. However, travel restrictions in 2020 related to the COVID-19 pandemic precluded in-person Board meetings, and restricted other onboarding opportunities, particularly for the most recently appointed directors. As a result, the Board has determined that the Company will benefit from longer-tenured directors continuing to be available as a resource to new directors and management. The Board's waiver is limited to the special circumstances faced by the Company this year, and the Board will reassess the eligibility of directors for re-election next year in the context of the circumstances prevailing at that time.

In addition, the appointments of a new Chief Executive Officer in January 2020 and Chief Financial Officer in August 2020, ensure the independence of Board members (regardless of tenure) from management, and reinforce the value brought to the Company by having continuity at Board level, at this time.

***The Board recommends that you vote FOR all eleven nominees standing for election as directors of the Company, to hold office until the next annual general meeting of Shareholders.***

## Our Policy on Majority Voting

The Company's majority voting policy requires that, if a director receives more *withhold* than *for* votes at the Annual Meeting, they will offer to resign after the Annual Meeting. The Corporate Governance, Responsibility & Nominating Committee will consider the offer of resignation and, except in extraordinary circumstances, will recommend that the Board accept the resignation. The director in question will not participate in any Board or committee meetings during which such resignation is considered. The Board will make its decision within 90 days of the Annual Meeting and the Company will promptly announce its decision in a press release. If the Board accepts the resignation, it may choose to leave a vacancy on the Board or fill the vacancy by appointing a new director in accordance with the Company's Articles. The majority voting policy only applies to uncontested elections, where the number of nominated directors equals the number of directors to be elected.

#### 4. HAVING A "SAY ON PAY"

As part of Interfor's commitment to strong corporate governance practices and our process of Shareholder engagement, the Board has adopted a policy to hold an advisory vote on our approach to executive compensation at every annual general meeting of Shareholders. The purpose of a "Say on Pay" advisory vote is to provide Shareholders with the opportunity to indicate their acceptance of the Board's overall approach to executive compensation at Interfor. At the 2020 and 2019 annual general meetings, Interfor's approach to executive compensation was approved with 99.84% and 97.43%, respectively, of the Shares voted in support of the advisory Say on Pay resolution.

To fully understand the objectives, philosophy and principles the Board has used in its approach to executive compensation, we encourage you to read the executive compensation section starting on page 37 of this Information Circular. That section describes Interfor's compensation philosophy, the objectives and elements of the program and the measurement and assessment process used by Interfor.

As a Shareholder, you have the opportunity to vote *for* or *against* our approach to executive compensation by voting on the following resolution:

*"BE IT RESOLVED THAT, on an advisory basis only and not to diminish the role and responsibilities of the Board of Directors, the Shareholders accept the approach to executive compensation disclosed in the Information Circular of the Company dated March 9, 2021 delivered in connection with the 2021 Annual Meeting of Shareholders."*

Since this is an advisory vote, the results will not be binding on the Board or Interfor. The Board remains fully responsible for its compensation decisions and it is not relieved of its responsibilities by either a positive or negative advisory vote. However, the Board will consider the outcome of the vote as part of its ongoing review of the executive compensation program of Interfor, together with the feedback received from Shareholders in the course of regular communications.

***The Board recommends that you vote FOR the "Say on Pay" resolution.***

#### 5. OTHER BUSINESS

If there are changes to these items of business or other items that properly come before the Annual Meeting, you (or your proxyholder, if you are voting by proxy) can vote as you see fit. As of the date of this Information Circular, we are not aware of any such changes or other items of business.

# GOVERNANCE

**We believe that strong governance improves corporate performance and benefits all stakeholders. Honesty and integrity are vital to ensuring good corporate governance.**

**This section discusses our governance policies and practices, and the role and functioning of our Board.**

---

## OUR GOVERNANCE PRACTICES

Interfor is a public company with its Shares listed on the Toronto Stock Exchange (“**TSX**”). We comply with corporate governance guidelines that apply to Canadian companies listed on the TSX.

Our corporate governance practices also meet or exceed the guidelines adopted by the Canadian Securities Administrators set out under:

- National Instrument 52-110 – *Audit Committees*;
- National Instrument 58-101 – *Disclosure of Corporate Governance Practices*; and
- National Policy 58-201 – *Corporate Governance Guidelines*.

(collectively, the “**Governance Disclosure Rules**”).

We monitor regulatory developments and governance best practices as they evolve. We adopt regulatory changes that apply to us and incorporate best practices in governance that are appropriate to our circumstances.

## BOARD CHARACTERISTICS

### Operating Independently

Having an independent Board is critical to effective oversight and good governance. The Board requires that at least a majority of its directors be independent within the meaning of Canadian securities law, regulations and policies and the rules of the TSX.

Our Corporate Governance, Responsibility & Nominating Committee is responsible for reviewing the independence of every Board member and nominated director, based on the independence requirements set out in the Governance Disclosure Rules, taking into account their businesses and any other relationships they have with the Company (and its affiliates) and senior management (and their affiliates). The Corporate Governance, Responsibility & Nominating Committee has determined that ten of the eleven nominated directors are independent directors. Ian Fillingier, President & Chief Executive Officer, is an executive officer of the Company and as such, is not an independent director under the Governance Disclosure Rules.

The table below describes the independence status of each nominated director.

Name	Independent	Not Independent	Reason for Non-Independent Status
Ian M. Fillinger		✓	President & CEO of Interfor
Christopher R. Griffin	✓		
Jeane L. Hull	✓		
Rhonda D. Hunter	✓		
Gordon H. MacDougall	✓		
J. Eddie McMillan	✓		
Thomas V. Milroy	✓		
Gillian L. Platt	✓		
Lawrence Sauder	✓		
Curtis M. Stevens	✓		
Douglas W.G. Whitehead	✓		

To enable the Board to function independently of management, the following structures and processes are in place:

- the role of Chair of the Board is separate from the role of Chief Executive Officer (“**CEO**”);
- a majority of the directors are independent, including the Chair of the Board;
- there are no members of management on the Board, other than the CEO;
- the independent directors meet after every Board meeting and at any other time it is deemed necessary by the Chair of the Board, without any members of management present;
- the CEO’s compensation is considered in his absence by the Management Resources & Compensation Committee (“**MRCC**”) and the independent members of the Board; and
- in addition to the standing committees of the Board, special committees composed entirely of independent directors are appointed from time to time, when appropriate.

### Chair of the Board

The Chair of the Board is Mr. Sauder, whose tenure on the Board began during a time when Sauder Industries Limited (“**SIL**”) was a controlling shareholder of the Company. However, in 2013, SIL relinquished its voting control of the Company and, since then, the Shares have continued to be widely held and there has not been a controlling shareholder. In 2014, the Board determined that Mr. Sauder was an independent director and, since that time, the Corporate Governance, Responsibility & Nominating Committee has regularly evaluated and confirmed Mr. Sauder’s independence taking into account his consistent focus on value creation and his demonstration of independence through his actions.

Continuity at the Board and Chair level is beneficial in light of recent changes in the senior executive team, including the appointment of a new President & CEO effective January 1, 2020 and the appointment of a new Senior Vice President & Chief Financial Officer effective August 6, 2020.

The Board has developed a written position description for the Chair of the Board. The Chair of the Board is responsible for the effective functioning of the Board and for providing leadership to the Board. The Chair of the Board’s duties include ensuring the adoption of and compliance with governance procedures, ensuring that the Board understands its obligations to the Company, Shareholders, management, other stakeholders and under the

law, and ensuring that directors understand the boundaries between the Board and management responsibilities.

### Chairs of Board Committees

The Board has developed a written position description for the Chairs of the committees of the Board. The Chair of each committee is responsible for overseeing matters and responsibilities of the committee under its Terms of Reference and, where appropriate, disclosing such matters to, and discussing them with, the Board.

### Board and Committee Meetings

Regular Board and committee meeting dates are set one to two years in advance, and special meetings are scheduled as required. Directors are expected to attend all Board and committee meetings. Directors are encouraged to attend meetings in person, but they may also participate by teleconference. The attendance record for each nominated director for all Board and committee meetings held during 2020 is set out in their director profile starting on page 9 of this Information Circular. In addition to regular Board meetings, the Board participates annually in an in-depth strategic planning session, described on page 25 of this Information Circular. In between formal meetings, Board members have regular communication with management through calls on specific topics such as succession planning, transactions and significant operational changes, as well as frequent dialogue in preparation for each of the quarterly Board and committee meetings. Board members also receive monthly financial result updates from management, which often prompts discussions between directors and management. The table below sets out a summary of the formal Board and committee meetings held during 2020.

Board/Committee	Total number of regularly scheduled meetings	Total number of special meetings
Board	4	-
Audit Committee	4	-
Corporate Governance, Responsibility & Nominating Committee	4	-
Management Resources & Compensation Committee	4	-
Environment & Safety Committee	4	-

### Independent Director Sessions

At each meeting of the Board (including regularly scheduled meetings, ad hoc meetings and special meetings) and at each regularly scheduled committee meeting, the directors meet "in-camera" without management other than the CEO present, followed immediately by an independent director session without the CEO or any other member of management present. The table below sets out the number of independent director sessions held in 2020.

Board/Committee	Total number of regularly scheduled meetings	Independent director in-camera sessions held
Board of Directors	4	4
Audit Committee	4	4
Corporate Governance, Responsibility & Nominating Committee	4	4
Management Resources & Compensation Committee	4	4
Environment & Safety Committee	4	4

## **Independent Advice**

The Board and each of its four standing committees can retain independent advisors to assist them in carrying out their duties and responsibilities.

## **Serving on other Boards**

We do not have a specific policy limiting the number of other public company boards on which our directors can serve. We discuss the time commitment, duties and responsibilities with every director candidate so they have a full understanding of the role and our expectations of directors. The Corporate Governance, Responsibility & Nominating Committee monitors director relationships to ensure their business associations do not hinder their role as a director of Interfor or Board performance overall. The director profiles starting on page 9 of this Information Circular describe the other public company boards on which the nominated directors serve and their attendance record at meetings of the Board and its committees.

## **Director Interlocks**

An interlock occurs when two or more Board members serve together on the board of another company. As of the date of this Information Circular, there were no interlocks between Board members.

## **Share Ownership Requirement**

Our Share ownership requirement for our directors, aligns their interests with those of our Shareholders. The ownership requirement is significant, and directors must meet the requirement within five years of becoming a director. See page 32 of this Information Circular for more information about the directors' Share ownership requirement. See the director profiles starting on page 9 of this Information Circular for each nominated director's Share ownership status as of the date of this Information Circular.

## **Directors' Skills and Experience**

Directors are nominated for election to the Board, if they meet the Board's diversity and geographic requirements, and have an appropriate mix of skills and experience to provide effective oversight and support our future growth. The Corporate Governance, Responsibility & Nominating Committee uses a skills and experience matrix to assess the composition of the Board and to recruit new director candidates based on our current and future needs, including strategic leadership; industry knowledge; financial; international; governance; government relations and public policy; human resources and compensation; and environment, health and safety experience.

## **ETHICAL BUSINESS CONDUCT**

### **Code of Conduct & Ethics**

We have a Code of Conduct & Ethics (the “**Code**”) that applies to all of Interfor’s directors, officers and employees. The Code is distributed to all directors, officers and employees and is available on our intranet site, under our profile on SEDAR ([www.sedar.com](http://www.sedar.com)) and on our website ([www.interfor.com](http://www.interfor.com)). Compliance with the Code is a condition of employment for our employees and a condition of office in the case of our directors.

Under the Code, if a person has reason to believe that someone has violated or may violate a law, the Code, or any other Company policy, they must report that information immediately to any one of the following:

- their supervisor or human resources representative;
- our CEO, General Counsel, Chair of the Corporate Governance, Responsibility & Nominating Committee, or for accounting or auditing matters, Chair of the Audit Committee; or
- by calling our confidential whistleblower hotline (1-844-449-9988 toll free from North America, or +1-604-681-2175 worldwide), or sending an email to [whistleblower@interfor.com](mailto:whistleblower@interfor.com), and our General Counsel will follow up on communications received.

The Code and the Company’s Whistleblower Policy protect those who raise a concern or report misconduct in good faith.

All reports are promptly investigated and appropriate disciplinary actions are taken if warranted by the investigation. Any person who receives a report of a Code violation or suspected violation is required under the Company’s Whistleblower Policy to inform the CEO of the report on a timely basis. Any Code violations and their resolutions are reported to the Chair of the Audit Committee in the case of accounting and auditing complaints or concerns, and the Chair of the Corporate Governance, Responsibility & Nominating Committee in all other cases, on a quarterly basis or sooner if circumstances so warrant.

Each year, all directors, officers and salaried employees are asked to acknowledge that they have read and understand the Corporate Policy Manual, including the Code and the Whistleblower Policy, and undertake to comply with all of the requirements of such policies. In January 2021, 100% of the Company’s directors, officers and salaried employees provided their acknowledgment and agreement to abide by these policies.

Our Insider Trading Policy, which is available on our website ([www.interfor.com](http://www.interfor.com)):

- regulates trading in Shares by our insiders;
- establishes a regular black-out calendar;
- prohibits short-term, speculative or hedging transactions involving our Shares; and
- ensures we fulfil our obligations to the TSX, regulators and investors.

## **Conflicts of Interest**

Under the *Business Corporations Act* (British Columbia), the Company's Articles and the Directors' Terms of Reference, any director or executive officer who holds any office or possesses any property, right or interest that could result in the creation of a duty or interest that conflicts with the individual's duty or interest as a director or executive officer of the Company, must promptly disclose the nature and extent of that conflict. A director who has a conflict of interest on any matter is prohibited from voting on any Board resolution touching on such matter.

## **DIRECTOR ORIENTATION, EDUCATION AND DEVELOPMENT**

We believe that director education helps directors maintain skills, gain insights and increase their understanding of our operations and of current and emerging issues that affect our business and governance practices.

As part of their continuing education and development, the Board receives quarterly updates from management on industry developments and the Board committees receive regular updates on forest policy changes and accounting, legal, governance and regulatory changes relevant to the Company. The Board also participates annually in an in-depth strategic planning session, during when there is extensive sharing of information and discussion of strategic issues and opportunities for the Company. Mill and woodlands tours are provided from time to time with a focus on capital expenditures, safety and the environment. To deepen directors' familiarity with different aspects of the Company's business, the Board rotates individual directors from time to time onto different committees of the Board.

New directors are provided with both written material and an orientation tour of certain of the Company's facilities close to the time of their appointment as directors. The written orientation material includes the governance practices of the Company, the Terms of Reference and Policies for Directors, as well as industry and Company-specific information which is updated regularly. New directors also receive an overview of the Company's business, management, financial reporting and accounting policies and procedures, strategic plan, risk management plan and financial position. The new director written orientation material is available to all directors.

In February 2020, Mr. Stevens attended a tour of the Company's operation at Molalla, Oregon. In October 2020, Mr. McMillan attended a tour of the Company's operation at Monticello, Arkansas. All other planned site visits, had to be cancelled due to the COVID-19 pandemic. Each of the directors (other than Ms. Hunter who had a conflicting appointment) attended one of two Board information sessions on stumpage in British Columbia. The sessions were held in September 2020 and delivered via videoconference by the Company's Chief Forester and the Manager of Interior Forest Policy.

Directors are encouraged and authorized to participate in continuing education relevant to their roles and responsibilities on the Board and its committees.

## **ROLES AND RESPONSIBILITIES OF THE BOARD**

The Board is responsible for the stewardship of the Company on behalf of the Shareholders. The Board's stewardship responsibilities are set out in the Mandate of the Board attached as Appendix A to this Information Circular. The Board discharges its responsibilities both directly and through the committees of the Board.

The objective of the Board is to ensure that the business and affairs of the Company are conducted in the best interests of the Company and in conformity with law. Acting in the best interests of the Company involves a consideration of the long-term best interests of the Company, while also giving consideration to the interests of the various stakeholders of the Company. The Board's general role is to promote a strong, viable and competitive company operating with honesty and integrity and to supervise the Company's management in the conduct of the affairs and business of the Company.

The Board has delegated responsibility for the day-to-day conduct of business to the Company's management and expects them to fulfill this responsibility in a manner consistent with achieving the Board's objective.

### **Overseeing the CEO**

The CEO is appointed by the Board and is responsible for the overall performance of the Company. The Board has developed a written position description for the CEO, which is available on our website ([www.interfor.com](http://www.interfor.com)). The CEO's key responsibilities include working with the Board to determine the strategic direction of the Company and its annual goals and objectives, and providing leadership to management in achieving those goals and objectives.

The MRCC annually reviews the CEO's goals and objectives and position description, to ensure they are aligned with the Mandate of the Board, and the MRCC recommends their approval to the Board. Approval of the CEO's goals and objectives and position description can only be done by the Board. The MRCC is also responsible for monitoring the performance of the CEO against his annual goals and objectives and reports its conclusions back to the Board.

### **Strategic Planning**

We have a multi-year strategic plan that balances risk and reward. Management is responsible for developing our strategic plan, and holds an intensive strategic planning session with the directors of the Company every year. At the strategic planning session, management provides an annual review and update of the prior year's plan, revises our future multi-year strategic plan based on our progress, and establishes annual corporate objectives and goals. After significant discussion and input from the directors, management presents the multi-year strategic plan to the Board for its approval. Management also presents strategic issues to the Board at quarterly Board meetings and as needed throughout the year.

### **Risk oversight**

We face a variety of risks as part of our business activities including financial, information systems security, compensation, retention, succession, governance, environmental, health and safety, operational, strategic and reputational risks. The Board has overall responsibility for risk oversight and retains oversight for risks not assigned to a specific Board committee. Each committee is responsible for monitoring risks in a specific area.

<b>Committee</b>	<b>Risk Responsibilities</b>
Audit Committee	Financial, information systems security risks
Management Resources & Compensation Committee	Management compensation, retention and succession risks
Corporate Governance, Responsibility & Nominating Committee	Governance, board succession, human rights risks
Environment & Safety Committee	Environmental risks (including climate-related risks and opportunities), health and safety risks

### *Internal controls*

The Board and Board committees are responsible for monitoring the integrity of our internal controls and information systems.

The Audit Committee is responsible for overseeing the Company's internal controls, including the assessment of the Company's disclosure controls and procedures, and internal controls over financial reporting. Management presents the Company's financial statements and management's discussion and analysis to the Audit Committee and the Board quarterly.

Management is responsible for establishing and maintaining an adequate system of internal control over financial reporting. This provides reasonable assurance that public reporting of our financial information is reliable and accurate, transactions are appropriately accounted for and assets are adequately safeguarded. Management reports its assessment of material changes in internal controls over financial reporting, quarterly to the Audit Committee.

KPMG LLP provided an unqualified audit opinion on our consolidated financial statements for the years ended December 31, 2020 and December 31, 2019.

### **Succession Planning**

The MRCC reviews succession planning for management on an annual basis, including identifying and evaluating potential successors for key management positions, evaluating the talent pipeline for gaps, and overseeing the implementation of development plans for key leadership positions. The recent appointments of a new CEO in January 2020 and Chief Financial Officer ("CFO") in August 2020, were both promotions from senior management of the Company following robust succession planning and selection processes, in each case retaining an executive search firm to provide input into the selection process.

### **Assessing the Board and its Committees**

The Board carries out an assessment of the Board and its committees every year. Directors (other than the CEO) are asked to rate the effectiveness of the Board and each committee of the Board by way of a comprehensive questionnaire and, in alternate years, a mini questionnaire with certain targeted open questions (the "**Board Effectiveness Assessment**"). The Board Effectiveness Assessment is conducted confidentially. The Corporate Governance, Responsibility & Nominating Committee discusses the collated results of the Board Effectiveness Assessment and reports those results to the Board.

The Chair of the Board annually evaluates the effectiveness of individual directors through discussions with each director.

### **Board Renewal**

All directors are elected annually at the annual general meeting of Shareholders, to hold office until the close of the next annual general meeting, or until their successors are elected or appointed.

In conjunction with the Chair of the Board, the Corporate Governance, Responsibility & Nominating Committee is responsible for identifying, recruiting, and recommending to the Board new directors for nomination or appointment. The Corporate Governance, Responsibility & Nominating Committee is also responsible for recommending to the Board the directors to be nominated for election at the next annual general meeting.

The Corporate Governance, Responsibility & Nominating Committee uses a skills and experience matrix (see page 22 of this Information Circular) to assess the composition of the Board and for recruiting new director candidates based on our current and future needs. The Committee also assesses the individual qualifications, diversity, integrity, professionalism and independent judgment of directors and new director candidates, to ensure that they fulfill the Board's composition requirements.

To encourage and facilitate Board renewal, the Board has approved a mandatory retirement policy. Directors will not be eligible for re-election at an annual general meeting if, as of the date of that annual general meeting, the director (i) is 75 years old or older, and (ii) has served as a director on the Board for 10 or more years. The Board may waive the mandatory retirement requirement if, after conducting a thorough search, a qualified replacement director cannot be found; or if the retiring director possesses such unique skills that the loss of these skills would be a material loss to the Company.

The Board has waived the application this year of the mandatory retirement policy to Messrs. MacDougall and McMillan, in light of the unique circumstances created by the COVID-19 pandemic. The Board succession planning process has resulted in the appointments of five independent directors in the past five years, with the two most recent appointments having taken place in 2019. However, travel restrictions in 2020 related to the COVID-19 pandemic precluded in-person Board meetings, and restricted other onboarding opportunities, particularly for the most recently appointed directors. As a result, the Board has determined that the Company will benefit from longer-tenured directors continuing to be available as a resource to new directors and management. The Board's waiver is limited to the special circumstances faced by the Company this year, and the Board will reassess the eligibility of directors for re-election next year in the context of the circumstances prevailing at that time.

In addition, the appointments of a new Chief Executive Officer in January 2020 and Chief Financial Officer in August 2020, ensure the independence of Board members (regardless of tenure) from management, and reinforce the value brought to the Company by having continuity at Board level, at this time.

The Board has not adopted term limits at this time, because it would risk losing directors with a deep understanding of our Company and business, and it would lose the flexibility to effectively manage and maintain continuity through changes at the Board and senior management levels. In the context of our Board succession plans, we have increased the size of our board to provide an appropriate transition and orientation period for new directors. Although four of our current directors have tenures of over 10 years, they remain strongly independent and capable of providing effective oversight and appropriately challenging management.

## **Board Diversity**

The Board recognizes the benefits of diversity and has adopted a formal Diversity Policy. Under the Policy, the Company bases director nominations on merit and selects the best

individual available to fulfill these roles. Within this framework, to support the Company's diversity objectives, the Board, when identifying and considering candidates for director:

- considers all aspects of diversity in the candidate selection criteria, including race, ethnicity, nationality, Indigenous origin or heritage, gender, gender identity, sexual orientation, religion, age, disability, geographical representation and regional and industry experience of the candidate;
- considers the level of representation of women on the Board; and
- in addition to its own searches, as and when appropriate from time to time, engages independent external advisors to conduct a search for candidates who meet the Board's and the Company's expertise, skills and diversity criteria.

There are currently three women directors on our Board, making up 27% of the Board.

### **Access to Management**

Key managers are included from time to time in Board meetings, dinners and tours (when permissible in light of COVID-19 restrictions), so they can share their expertise on specific matters. This also gives the Board an opportunity to meet individuals who have the potential to assume more senior positions in the future, and for these individuals to gain exposure to the Board.

### **Communicating with the Board**

We are committed to Shareholder engagement and communicating with our Shareholders. Shareholders and other interested parties can communicate directly with members of the Board, including the Chair of the Board and other independent directors.

Shareholders can contact the Chair of the Board or any of the directors as follows:

### **COMMITTEES OF THE BOARD**

The Board has established four standing committees to help carry out its responsibilities more effectively:

- Audit Committee;
- Corporate Governance, Responsibility & Nominating Committee;
- Environment & Safety Committee; and
- Management Resources & Compensation Committee.

The Board may also create special ad hoc committees from time to time to deal with other important matters.

Committee members are appointed annually following the Company's annual general meeting. The Corporate Governance, Responsibility & Nominating Committee, in conjunction with the Chair of the Board, recommends member and chair appointments for each of the committees. The Audit Committee and the Corporate Governance,

Responsibility & Nominating Committee must consist entirely of independent directors. The MRCC and the Environment & Safety Committee must have a majority of independent directors.

Each committee operates in accordance with Board-approved Terms of Reference. A written position description is in place for the committee chairs. At least once a year, each committee reviews its Terms of Reference and recommends any changes to the Corporate Governance, Responsibility & Nominating Committee, which submits such changes to the Board for approval. The position description for the committee chairs and each committee's Terms of Reference, is available on our website ([www.interfor.com](http://www.interfor.com)).

Each committee has the authority, at Interfor's expense, to engage any external advisors it deems necessary to carry out their respective duties and responsibilities. All committee meetings include scheduled in-camera sessions when members can discuss the committee operations and responsibilities without management present.

# COMPENSATION

This section discusses compensation governance, our director and executive compensation programs, and the decisions affecting executive pay for 2020.

## DIRECTOR COMPENSATION

Director compensation is intended to provide an appropriate level of remuneration considering the responsibilities, time requirements and accountability of directors' roles on the Board. The Corporate Governance, Responsibility & Nominating Committee annually reviews and recommends to the Board the compensation for all Board members. The Company does not target director compensation pay levels at a specific market percentile. Using informed and independent judgment, the Company seeks to provide broadly competitive compensation arrangements that attract and retain qualified and experienced directors. The Corporate Governance, Responsibility & Nominating Committee uses comparative information to ensure that the compensation is competitive.

### Annual Retainers and Meeting Fees

The following table shows the basis of compensation paid to directors during 2020:

	\$
<b>Chair of the Board</b>	
Annual Chair Retainer <sup>(1)</sup>	250,000
<b>Board Members</b>	
Annual Non-executive Director Retainer <sup>(1)</sup>	125,000
Annual Lead Director Retainer	20,000
<b>Committee Members</b>	
Annual Committee Chair Retainer (except Audit Committee Chair)	10,000
Annual Audit Committee Chair Retainer	15,000
<b>Other</b>	
Per Diem Rate - For Company business, tours or strategy sessions on days other than meeting days	1,000
Travel Time - if more than 1/2 day is required	1,000
<b>Expenses</b>	
Travel and Other Significant Expenses	Actual

(1) The Annual Chair Retainer and the Annual Non-executive Director Retainer are inclusive of all fees, other than Committee Chair Retainers, per diem rates, travel time and expenses.

A minimum of 60% of the Annual Chair Retainer or the Annual Non-executive Director Retainer, as applicable, is paid in the form of deferred share units ("**DSUs**"). For more information on DSUs, see the next section.

## **Deferred Share Unit Plan (“DSU Plan”)**

DSUs represent a notional number of Shares of the Company and are redeemable for a cash payment equal to the fair market value on the redemption date of the Shares represented by the DSUs. The fair market value of Shares on a specified date is defined as the volume weighted average trading price of the Shares on the TSX for the five consecutive trading days ending on the trading day immediately prior to the date in question (“**Fair Market Value**”).

The Board awards DSUs to promote an alignment of interests between the recipient of the DSUs and Shareholders. DSUs held by directors also assist in the directors achieving their minimum Share ownership requirements.

DSUs can be redeemed only when a termination of position has occurred. In the event of a termination of position, vested DSUs either will be redeemed at the Fair Market Value of the Shares they represent 30 days after the date of such termination (for US DSU holders), or will be redeemable until December 1<sup>st</sup> of the year following the year in which the termination of position occurred. In the event of a termination of position due to death, disability or retirement, any unvested DSUs held by non-US participants will continue to vest between the termination date and December 1<sup>st</sup> of the year following the year of termination, and any DSUs that became vested during that period will be redeemed at the Fair Market Value of the Shares as of the date of redemption. In the event of a termination of position for reasons other than death, disability or retirement, any unvested DSUs on the termination date will become null and void.

When cash dividends are paid on Shares, dividend equivalents will be converted into additional DSUs, based on the number of DSUs held and the Fair Market Value of Shares on the dividend payment date. No dividends have been paid by the Company since the DSU Plan was established in 2004.

For the period from January 1, 2020 until December 31, 2020, Interfor’s non-executive directors received payment of at least 60% of their annual retainer in the form of DSUs, and elected whether to receive the remaining 40% in cash, DSUs or a combination of both. DSUs granted to directors in payment of their annual retainer vest immediately.

The actual number of DSUs granted to a director is calculated by dividing the dollar amount of the portion of the annual retainer to be paid in DSUs by the Fair Market Value of Shares as at the end of each calendar quarter.

## **Directors’ Share Ownership Requirement**

The Company has in place a Share ownership requirement for all non-executive directors to align the interests of directors with those of Shareholders. All non-executive directors, including the Chair of the Board, are required to own a minimum value of Shares and DSUs equal to three times the current Annual Non-executive Director Retainer within five years of becoming a director. The Share ownership requirement for non-executive directors is currently \$375,000. See page 48 of the Information Circular for details of the Share ownership requirement of the CEO.

The following table shows the actual Shares and DSU holdings, and required value of the Share and DSU ownership, as of December 31, 2020 for all of the independent directors standing for election at the Annual Meeting.

(1) Information regarding the value of incentive plan awards vested or earned during the year by the CEO, Mr. Fillinger, is set out in the table on page 51 of this Information Circular.

(2) DSUs granted to directors vest immediately upon grant but can only be redeemed when a termination of position has occurred.

(3) This column reflects the grant date value of DSUs received by directors in lieu of their annual director and chair retainers in 2020. These amounts are included in the Director Total Compensation Table on page 34 of this Information Circular. The number of DSUs received was equal to the dollar value of the portion of the retainer paid in DSUs divided by the Fair Market Value of the Shares at the end of each calendar quarter.

(4) This column reflects the value of DSUs awarded to directors in 2020, in addition to those received in lieu of the annual director and chair retainers. In 2020, there were no direct grants of DSUs to the Directors under the DSU Plan.

# EXECUTIVE COMPENSATION

## COMPENSATION DISCUSSION AND ANALYSIS

### Compensation Objectives and Strategy

The MRCC is responsible for reviewing and approving the compensation arrangements of the Company's executive officers, other than the CEO. The MRCC reviews and recommends to the Board for approval the compensation arrangement for the CEO. A key mandate of the MRCC is to ensure that the Company develops and implements long range plans and programs for attracting, retaining, developing, motivating, evaluating and compensating executive officers, to provide the Company with a high level of strength, depth and continuity in its key talent. The Company also believes in the importance of requiring executives to own Shares to more fully align management with the interests of Shareholders.

### Compensation Philosophy

The Company creates a direct linkage between compensation, alignment with Shareholders' interests and the achievement of business objectives in the short and long-term, by providing an appropriate mix of fixed versus at-risk compensation. An executive's personal performance, together with corporate performance, and competitive market compensation data, are used to determine their actual compensation. The Company does not target total compensation (base salary and all at-risk compensation) at a specific market percentile of a select comparator group. Rather, the Company takes into consideration compensation practices and pay levels of companies in its industry and from other industry sectors where it competes for executive talent with consideration for the relative complexity and autonomous characteristics of the Company.

The Company puts the greatest emphasis on financial performance by placing a significant proportion of total compensation at-risk based on the Company's financial results. In the years of strongest financial performance more than half of the total compensation earned by the CEO, CFO, former CFO, and the three other highest paid executive officers (collectively the "**Named Executive Officers**" or "**NEO**") is expected to come from performance-related incentive compensation. In 2020, the Company's Named Executive Officers were Ian M. Fillinger, Richard A. Pozzebon, J. Barton Bender, Mark W. Stock, S. Bruce Luxmoore and Martin L. Juravsky (who held the position of SVP & Chief Financial Officer until his voluntary resignation from Interfor effective April 30, 2020).

### Risk Management

The MRCC considers the risks associated with the Company's compensation policies and practices. The MRCC considered the balance between long-term objectives and short-term financial goals incorporated into the Company's executive compensation program and whether or not Named Executive Officers are potentially encouraged to expose the Company to inappropriate or excessive risks. Risks, if any, may be identified and mitigated through regular meetings of the MRCC and the Board. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

## Hedging

The Company's Insider Trading Policy (which is available on the website at [www.interfor.com](http://www.interfor.com)) prohibits directors and executive officers from purchasing financial instruments for the purpose of hedging or offsetting a decrease in market value of the Company's equity securities. Specifically, directors and executive officers are prohibited from engaging in the following transactions with respect to their Shares and equity-based awards: short sales, monetization of equity-based awards (e.g. performance share units ("PSUs") and DSUs) before vesting, transactions in derivatives on Shares such as put and call options, and any other hedging or equity monetization transactions where the individual's economic interest and risk exposure in the Shares are changed, such as collars or forward sale contracts.

To the knowledge of the Company, none of the Named Executive Officers or directors has ever purchased any such instruments for such purpose.

## Clawback Policy

The Company has a clawback policy that allows the Company to require its officers (and any other employees designated by the MRCC) to reimburse the Company for incentive awards paid to them that were based on financial results that were subsequently restated resulting in a decrease in the earnings of the Company. The policy also allows for the Company to increase incentive awards paid to its officers and designated employees, should restated financial results represent an increase in earnings of the Company.

## Benchmarking

The MRCC periodically reviews the total compensation arrangements for executive officers. To ensure that the Company provides competitive compensation, the MRCC considers benchmark data showing each component of compensation and total compensation levels benchmarked against the compensation of executive officers in the selected comparator group. The comparator group was selected based on the criteria listed in the table below from companies of a similar size and in the same industry as the Company, to ensure an adequate sampling of the competitive landscape for executive talent in the industry. There were no changes made to the Company's comparator group in 2020.

The Company used the following Canadian and US based forest companies as its comparator group for 2020 (the "**Comparator Group**"):

Comparator Companies	Criteria for Selection
Canfor Corporation Cascades Inc. Norbord Inc. <sup>(1)</sup> Resolute Forest Products Inc. Stella-Jones Inc. West Fraser Timber Co. Ltd. Western Forest Products Inc.	<ul style="list-style-type: none"><li>• Canadian based forest products companies</li><li>• geographical competitors for executive talent</li><li>• traded on TSX; access to executive compensation information</li></ul>
Boise Cascade Company BMC Stock Holdings, Inc. Louisiana-Pacific Corporation PotlatchDeltic Corporation Rayonier Inc. Rayonier Advanced Materials Inc. Universal Forest Products, Inc.	<ul style="list-style-type: none"><li>• US based forest products companies</li><li>• geographical competitors for executive talent</li><li>• traded on NYSE or NASDAQ; access to executive compensation information</li></ul>

(1) Norbord was used for comparative purposes in 2020, before it was acquired by West Fraser in February 2021.

In addition to considering competitive benchmarking data, the MRCC considers other factors, including the advice and recommendations provided by the CEO, individual performance, internal equity and the compensation practices of regional and local companies from other industry sectors who may compete with the Company for executive talent.

### **Executive Compensation-Related Fees**

From time to time, the MRCC uses an independent consultant to provide expert, objective advice on executive compensation matters. In April 2010, Willis Towers Watson (“**Towers Watson**”) was engaged as the MRCC’s independent compensation advisor to assist the Company in developing its variable compensation strategy. In 2020, the Company retained Towers Watson to provide executive compensation-related advice and provide executive compensation benchmarking information, for an aggregate fee of \$12,940. In 2019, the Company paid Towers Watson an aggregate fee of \$11,393. Towers Watson has not performed any other work for the Company, its affiliates, directors or members of management. No other compensation consultants or advisors have been retained to assist the Board or MRCC in determining compensation for any of the Company’s directors or executive officers, in the past two years.

### **Executive Officer Diversity**

The Company recognizes the benefits of diversity and has adopted a formal Diversity Policy. Under the Policy, the Company bases executive appointments on merit and selects the best person available to fulfill these roles. Within this framework, to support the Company’s diversity objectives, the Company’s executives, when identifying and considering candidates for executive officers:

- consider all aspects of diversity in the candidate selection criteria, including race, ethnicity, nationality, Indigenous origin or heritage, gender, gender identity, sexual orientation, religion, age, disability, geographical representation and regional and industry experience of the candidate;
- consider the level of representation of women among the executive officers; and
- in addition to its own searches, as and when appropriate from time to time, engage independent external advisors to conduct a search for candidates who meet the Company’s expertise, skills and diversity criteria.

Currently, one of the executive officers of the Company is female, comprising 14% of the senior executive team.

### **ELEMENTS OF TOTAL COMPENSATION**

The elements of the Company’s total compensation program consist of annual base salary, annual short-term cash incentive plans, and long-term equity-based incentives. The Named Executive Officers also receive the indirect compensation benefits described on page 48 of this Information Circular. The Company’s executive compensation plan is designed to provide industry and market competitive pay. The following chart depicts the 2020 components of total compensation, as well as the desired mix assuming at-target performance by a Named Executive Officer.

## Annual Base Salary

The MRCC reviews the base salaries of executive officers and, from time to time, makes adjustments that it considers appropriate to recognize compensation paid by companies in the selected comparator group, compensation practices of regional and local companies from other industry sectors who may compete for executive talent, varying levels of responsibilities of the executive officer, internal equity, individual performance and the complexity and cyclical nature of the Company's business. The MRCC approves the annual base salary of the executive officers other than the CEO. The Board approves the CEO's base salary based on the MRCC's recommendation.

In January 2020, Mr. Fillinger was appointed President & Chief Executive Officer. His annual base salary was increased from \$450,000 to \$675,000 based on competitive benchmarking against the Comparator group (defined on page 38 of this Information Circular).

Mr. Pozzebon was appointed Senior Vice President & Chief Financial Officer in August 2020. His annual base salary was increased from \$256,250 to \$400,000 based on competitive benchmarking against the comparator group.

Mr. Bender's and Mr. Stock's annual base salaries were increased in 2020 to \$450,000 and \$400,000, respectively, in recognition of their strong performance and the progression of their roles and responsibilities as a result of the CEO succession process.

## Non-Equity Incentives

Short-term incentive compensation primarily comes in the form of awards under the Company's non-equity incentive compensation plans, which include awards granted under the STIP, discretionary President's Awards and other discretionary bonuses.

(a) *Short-term Incentive Plan*

The Company operates in a cyclical commodity industry, which poses budgeting challenges, and its ability to pay incentive awards is driven by its ability to generate positive earnings and cash flow. Interfor has a Short-term Incentive Plan ("**STIP**") for salaried employees, including the Named Executive Officers. Each Named Executive Officer is assigned a target bonus with reference to competitive benchmarking against the Comparator Group. Before any payment is triggered under the STIP: (i) the Company must first achieve a level of financial performance that exceeds a threshold level; and (ii) the individual employee must perform at a satisfactory level.

Financial performance under the STIP is measured by the Adjusted EBITDA of the Company for the fiscal year. Adjusted EBITDA is a non-GAAP measure reported in the Company's Management Discussion and Analysis ("**MD&A**"), which is reviewed by the independent auditors of the Company. The Adjusted EBITDA target for the STIP each year is determined based on capital investments adjusted by depreciation, depletion and amortization during the prior year, which means that the Adjusted EBITDA target under the STIP can increase or decrease from year to year. At the end of the year, actual Adjusted EBITDA (excluding STIP expense), is compared to the Adjusted EBITDA target and the STIP bonus is based on Interfor's financial performance as calculated according to the following table:

	<b>Below Threshold</b>	<b>Threshold</b>	<b>Target</b>	<b>Maximum</b>
<b>Actual Adjusted EBITDA compared to Adjusted EBITDA target</b>	< 60%	60%	100%	> 150%
<b>Bonus as a percentage of individual's Target Bonus percentage</b>	0%	50%	100%	200%

**Note:** Results are interpolated when the actual Adjusted EBITDA results fall between: Threshold, Target and Maximum.

If the STIP threshold based on Interfor's financial performance is achieved in any year, then between 0% and 120% of an individual's target bonus amount can be awarded, depending on the individual's personal performance during that year. The maximum bonus payable to any individual under the STIP is 240% of their target bonus (200% financial result x 120% personal result). In 2020, the target bonus percentages were 100% of base salary for Mr. Fillinger and 65% of base salary for the other Named Executive Officers.

The Adjusted EBITDA (excluding STIP expense) target for 2020 was \$233.5 million, compared to the target for 2019 which was \$224.9 million. The target in 2020 was calculated using a 22.36% return on invested capital ("**ROIC**"), consistent with 2019.

In 2020, Interfor generated Adjusted EBITDA before Short Term Incentive Plan ("**STIP**") expense of \$573,685,000, which translated into a company performance multiplier of 200.0% of target.

(b) *President's Awards and Other Bonuses*

The President's Award is a plan designed to reward employees who have made a noteworthy contribution to the Company during the prior year. Nominations for a President's Award for Named Executive Officers, other than the CEO, are made by the CEO and approved by the MRCC, in its discretion. In respect of 2020, no President's Awards were awarded to any NEOs.

The Board may from time to time grant other short-term bonuses to the CEO and other executive officers or employees to reward them for significant contributions during the year or to remedy any compensation shortfalls in relation to the Comparator Group. No such bonuses were awarded in 2020.

## **Equity-based Incentives**

Equity-based incentive plan compensation may take the form of PSUs, share appreciation rights ("**SARs**"), DSUs and stock options. Commencing in 2004, a Named Executive Officer either received a grant under the Share Appreciation Rights Plan ("**SAR Plan**") or the Performance Share Unit Plan ("**PSU Plan**", previously named the "Total Shareholder Return Plan"), but not both. Since 2013, none of the Named Executive Officers have received SARs. Since 2001, none of the Named Executive Officers other than Mr. Luxmoore, have received stock options. Equity-based incentive awards are limited to individuals holding senior positions who, in the opinion of the Company, have the ability to substantively impact its profitability and the successful achievement of its goals. In making equity-based compensation awards, the Company also considers factors such as: individual performance, total compensation, competitive compensation requirements and whether the individual has received previous equity incentive awards.

### *(a) Performance Share Unit Plan*

Awards under the PSU Plan represent long-term incentive compensation designed to reinforce the connection between remuneration and the interests of shareholders, by motivating and rewarding participants for improving the long-term value of the Company.

In July 2019, the Board approved the PSU Plan, which amended and restated the Company's prior Total Shareholder Return Plan (the "**Prior TSR Plan**") that was introduced in 2004.

The review and redesign of the PSU Plan was driven by the need to:

1. better align the PSU Plan with modern governance practices by eliminating the 50% minimum payout and introducing a relative total shareholder return performance metric; and
2. enhance executive retention by better aligning PSU Plan awards with Company performance.

Under the PSU Plan, payouts are determined by measuring actual ROIC results against pre-established performance levels. These results are then modified based on the Company's relative performance compared to a forest-industry peer group.

The ROIC metric was selected as it best aligns compensation with the long-term interests of shareholders and incentivizes management to focus on controllable measures, such as the efficient allocation of capital and operating results. ROIC payout levels are designed to be challenging and will be reviewed periodically.

Under the terms of the PSU Plan, at the beginning of each performance period, a participant is granted a target number of PSUs, which is determined by multiplying the participant's target award percentage as indicated in the table on page 45 of this Information Circular by the participant's annual base salary, and then dividing it by the Market Value (as defined below) of the Shares at the beginning of the performance period. The "**Market Value**" of Shares on a specified date is defined as the volume weighted average trading price of the Shares on the TSX for the 20 consecutive trading days ending on the trading day

immediately prior to the date in question, and is designed to eliminate unusual Share price volatility in the last week of each year. For example, a \$1,162,500 target award value for the CEO (150% of annual base salary of \$775,000) divided by a \$22.28 Market Value would result in a target number of 52,177 PSUs being granted to the CEO ( $\$1,162,500 / \$22.28 = 52,177$ ).

At the end of the performance period, the Company's 3-Year Average ROIC is evaluated against threshold, target and maximum levels (the "**Pay-Performance Levels**"). The number of PSUs paid out after the end of the performance period is based on the Company's actual 3-Year Average ROIC results compared to such Pay-Performance Levels (the "**Payout Factor**") using the following pay-performance scale:

Pay-Performance Level <sup>(1)</sup>	Performance Goal (3-year ROIC)	Payout Factor <sup>(2)</sup> (% of Target PSUs Vesting)
Maximum	25% ROIC	200%
Target	15% ROIC	100%
Threshold	10% ROIC	50%
Below Threshold	less than 10% ROIC	0%

- (1) The Payout Factor for performance between threshold and target levels, or target and maximum levels, will be interpolated on a straight-line basis.  
(2) 3-Year Average ROIC for a 3-year performance period, is defined as the average Adjusted EBITDA (including STIP expenses, as reported in the Company's Management's Discussion & Analysis which is reviewed by independent auditors), divided by the average Invested Capital over that performance period. Invested Capital for a fiscal year, means the sum of (i) equity and (ii) interest-bearing debt, less (iii) cash and cash equivalents, each as reported in the Company's audited Consolidated Financial Statements for that fiscal year.

The Payout Factor may be modified based on Interfor's total shareholder return ("**TSR**") over the 3-year period relative to a peer group, provided that: (i) if 3-Year Average ROIC is less than 10% then 0% of PSUs will vest, and (ii) the maximum adjusted Payout Factor shall not exceed 220%:

TSR Quartile Ranking	Payout Factor Modifier
1 <sup>st</sup>	+20%
2 <sup>nd</sup>	0%
3 <sup>rd</sup>	0%
4 <sup>th</sup>	-20%

The peer group used for the purposes of the PSU Plan currently consists of the following 15 companies, all of which are North American publicly-traded forest products companies:

- Boise Cascade Company
- Cascades Inc.
- Domtar Corporation
- Mercer International Inc.
- PotlatchDeltic Corporation
- Rayonier Advanced Materials Inc.
- Stella-Jones Inc.
- Western Forest Products Inc.
- Canfor Corporation
- Catchmark Timber Trust Inc.
- Louisiana-Pacific Corporation
- Rayonier Inc.
- Resolute Forest Products Inc.
- West Fraser Timber Co. Ltd.
- Weyerhaeuser Company

The peer group of companies used for the purposes of the PSU Plan was intentionally selected to differ from the Comparator Group. The Comparator Group focuses on factors relating to competitive compensation for executive officers, whereas the peer group for the PSU Plan reflects the alternatives that an investor would evaluate when considering an investment in the North American forest products sector.

The value a participant ultimately receives at the end of each performance period is determined as the product of the number of PSUs paid out multiplied by the Market Value of

the Shares at the end of the performance period. For example, if the 3-Year ROIC is 25% over the performance period, and the Market Price at the end of the performance period is \$27.00 resulting in a 1<sup>st</sup> Quartile Ranking, then the value the CEO would earn is \$3,099,314 (52,177 PSUs x 220% (200% based on ROIC results + 20% based on relative TSR) x \$27.00). If, however, the 3-Year Average ROIC was 10%, and the Market Price at the end of the performance period was \$15.00 resulting in a 4<sup>th</sup> Quartile Ranking, the value the CEO would earn is \$234,797 (52,177 PSUs x 30% (50% based on ROIC results – 20% based on relative TSR) x \$15.00).

The MRCC annually approves the target award granted to each eligible Named Executive Officer (except in the case of the CEO) at the beginning of the performance period, based on its assessment of the market competitiveness of the eligible Named Executive Officer's total compensation arrangements. As part of that review, the MRCC may consider previous awards under the PSU Plan and the value of actual payouts received in relation to prior awards. The MRCC reviews and recommends to the Board for approval the target award granted to the CEO. The target award is expressed as a percentage of the annual base salary in effect at the beginning of a 3-year performance period.

Following the end of a performance period, the award is paid in cash. In the event of death, disability, retirement or involuntary termination, the award would be determined at the end of the performance period as if employment had continued and then pro-rated to reflect the period of actual employment.

#### *The Prior TSR Plan*

The first awards granted under the 2019 amended PSU Plan were granted on February 5, 2020 and vest on December 31, 2022. The Prior TSR Plan governs all PSU awards granted prior to 2020, and the PSU Plan governs all PSU awards granted from and after 2020. For additional information regarding the terms of the Prior TSR Plan, please refer to the Total Shareholder Return Plan section on page 40 of our 2019 Information Circular (available on our website at [www.interfor.com](http://www.interfor.com)).

In 2018, the MRCC approved an increase in Mr. Fillinger's target award under the Prior TSR Plan from 60% to 90% of base salary following his appointment as Chief Operating Officer, as a result of a competitive benchmarking exercise provided by Towers Watson in 2017, adjusted for inflation. Mr. Bender's target award was increased from 60% to 75%, in recognition of his strong performance and competitive benchmarking against the Comparator Group. In 2019, no changes were made to the target awards of any NEOs. In 2020, Mr. Fillinger's target award was increased from 90% to 150%, corresponding with his appointment as President & CEO. Mr. Pozzebon's target award was increased from 35% to 75%, corresponding with his appointment as Senior Vice President & Chief Financial Officer. Mr. Stock and Mr. Luxmoore's target awards were increased to 75% from 60% and 50%, respectively, in recognition of their strong performance and competitive benchmarking against the Comparator Group.

For all Named Executive Officers, the 2018 grant under the Prior TSR Plan was issued with a performance period start price of \$21.04 on January 1, 2018. The performance period end price was \$23.67 on December 31, 2020, representing a 4.0% compound annual growth rate. This falls below the 5% threshold, triggering a payout equal to 50% of target under the Prior TSR Plan. Payouts to Named Executive Officers for the 2018 grant under the Prior TSR Plan ranged in value from \$49,222 to \$227,812. For example, the payout to Mr. Fillinger in respect of the performance period ending on December 31, 2020, was calculated under the Prior TSR Plan as follows:  $19,249 \text{ PSUs} \times 50\% \times \$23.67 = \$227,812$ .

The following table sets out the target awards approved by the MRCC or the Board and the range of PSUs that a Named Executive Officer may be paid out under the terms of the PSU Plan and the Prior TSR Plan:

(1) The Fair Market Value (for PSUs granted under the Prior TSR Plan) or Market Value (for PSUs granted under the PSU Plan) of the Shares on the Grant Date is used solely for the accounting valuation of PSUs granted. In contrast, the number of PSUs granted to a participant for a performance period, and the payout at the end of the performance period of such grant, is based on the Fair Market Value (for PSUs granted under the Prior TSR Plan) or Market Value (for PSUs granted under the PSU Plan) of the Shares at the beginning of that performance period.

(2) The Target Award Value is calculated by multiplying the target number of PSUs granted by the Fair Market Value (for PSUs granted under the Prior TSR Plan) or Market Value (for PSUs granted under the PSU Plan) of the Shares at the beginning of that performance period.

(3) The grant date for the CEO's PSUs are usually one day later than the grant date for the other NEOs' PSUs, as a result of Board and MRCC meetings having been held on different dates. Effective January 1, 2020, Mr. Fillinger was appointed President & Chief Executive Officer.

(4) Includes an additional 14,504 PSUs granted to Mr. Pozzebon on August 6, 2020 with a Fair Market Value of \$14.50 in association with his increase in base salary and promotion to Senior Vice President & CFO.

(5) As a result of Mr. Juravsky's voluntary resignation from Interfor effective April 30, 2020, he will not be eligible to receive any future PSU payouts.

### (b) Stock Option Plan

The Stock Option Plan was approved at the 2015 Annual General and Special Meeting. This plan superseded and replaced the previous stock option plan of the Company.

The Stock Option Plan is a long-term incentive plan intended to enhance the Company's ability to attract and retain high quality employees and to promote a greater alignment of interests between optionholders and Shareholders.

Under the Stock Option Plan, the Company is authorized to issue up to 3,000,000 Shares pursuant to Stock Options granted under the Stock Option Plan, less any Shares issued or issuable pursuant to Stock Options granted under Company's previous stock option plan.

A total of 1,631,740 Shares, representing approximately 2.5% of the Company's issued and outstanding Shares, are reserved for possible issuance under the Stock Option Plan. As of the date of this Information Circular, there are 609,881 Stock Options granted and outstanding, or 0.9% of the Company's outstanding Shares.

Under the Stock Option Plan, the Board may grant Stock Options to directors, employees and service providers of the Company or its subsidiaries. The terms of any such Stock Option, including any conditions to vesting, are determined by the Board within the limitations set out in the Stock Option Plan. The exercise price is determined by the Board, provided that it is not less than the closing price of the Shares on the TSX on the last trading day preceding the date on which the Stock Option is granted. Vesting conditions are set at the discretion of the Board. Stock Options are non-assignable and non-transferrable.

The Stock Option Plan provides that the maximum number of Shares available for issuance to Stock Option Plan participants within a one-year period, shall not exceed 10% of the number of issued and outstanding Shares. The maximum number of Shares available for issuance to any one person under the Stock Option Plan and any other equity compensation arrangement, shall not exceed 5% of the number of issued and outstanding Shares. The maximum number of Shares issuable, at any time, to Stock Option Plan participants that are Reporting Insiders (as such term is defined under applicable Canadian securities laws); or issued to participants that are Reporting Insiders within a one-year period; pursuant to Stock Options or any other Share compensation arrangement of the Company shall not, in aggregate, exceed 10% of the number of issued and outstanding Shares.

The Stock Option Plan provides that the Board may amend any provision of the Stock Option Plan or any outstanding Stock Option at any time, subject to any required regulatory approval, provided that no such amendment shall extend the term, reduce the exercise price, or materially impair the rights of any outstanding optionholder (except with consent or for purposes of complying with the requirements of any regulatory authority or stock exchange).

In 2020, the MRCC approved grants of 270,310 Stock Options. In February 2021, the MRCC approved grants of 79,053 Stock Options. None of the 2020 or 2021 Stock Options were granted to the Named Executive Officers. The annual burn rates for 2018, 2019 and 2020, calculated in accordance with section 613 of the TSX Company Manual, were 0.15%, 0.20% and 0.40%, respectively. The burn rate is calculated by dividing: (i) the number of Stock Options granted in each fiscal year; by (ii) the weighted average number of outstanding Shares for that year.

All Stock Options granted under the Stock Option Plan have been granted with an exercise price equal to the closing price of the Shares on the immediately preceding trading day and may be exercised for a term of up to 10 years from the date they were granted. The Stock Option grant expires on the earlier of 10 years after the date of the grant, 30 days after termination of employment other than retirement, or one year after death. All outstanding Stock Options are subject to the following vesting requirements.

<b>Time from Date of Grant</b>	<b>% Exercisable</b>
2 years	40%
3 years	60%
4 years	80%
5 years	100%

(c) *Deferred Share Unit Plan*

The DSU Plan, described on page 32 above, is intended to enhance the Company’s ability to attract and retain high quality individuals to serve as directors and executive officers and to promote a greater alignment of interests between participants and Shareholders. Under the DSU Plan, the Board may directly grant DSUs to directors, officers or employees of the Company and its subsidiaries. The terms of such direct grants are determined by the MRCC (or the Board, in the event of grants to the CEO). Prior to January 1, 2016, Named Executive Officers could defer cash awards under the Prior TSR Plan to the DSU plan, but the ability to defer cash awards is no longer available due to a change in Canadian Revenue Agency policy. In 2020, no DSUs were granted to any employees, including any Named Executive Officers.

(d) *Share Appreciation Rights Plan*

The SAR Plan is a long-term incentive plan which is option-based. SARs are awarded to eligible employees to provide additional long-term incentives and reinforce the connection between remuneration and growth in Shareholder value. Currently, all Named Executive Officers receive an annual long-term incentive grant only from the PSU Plan, and not the SAR Plan.

Under the SAR Plan, SARs can be exercised for a cash payment equal to the number of rights exercised multiplied by the increase in Fair Market Value of the Shares between the time of the grant and the time of exercise. The SAR grant expires on the earlier of 10 years after the date of the grant, 30 days after termination of employment other than retirement, or one year after death. SARs may be exercised, subject to the following vesting provisions.

<b>Time from Date of SAR Grant</b>	<b>% Exercisable</b>
2 years	40%
3 years	60%
4 years	80%
5 years	100%

At the beginning of each year, the MRCC approves the number of SARs to be granted to eligible participants in the SAR Plan. In determining the number of SARs to be granted, the MRCC considers the recommendation of the CEO, the employee’s position and base salary, the Fair Market Value of the underlying Shares, the number of SARs issued in previous years, both specifically for that employee as well as in aggregate under the SAR Plan, and the expected short-term incentive bonuses for that year.

In 2020, no SARs were granted to any employees including the Named Executive Officers.

As of December 31, 2020, SARs granted that had not expired or been cancelled totaled 2,780,547 of which 2,601,041 had been exercised. At December 31, 2020, 18,788 of the outstanding SARs were held by the Named Executive Officers.

## Indirect Compensation Benefits

Indirect compensation includes participation in the retirement plans described more fully on page 52, as well as benefits available to all salaried employees of the Company such as extended health and dental care, life insurance and disability benefits. For details of executive insurance benefits received, please see page 49.

## EXECUTIVE SHARE OWNERSHIP REQUIREMENTS

The Company's minimum Share ownership requirement was introduced for certain executive officers to strengthen the link between the interests of executive officers and Shareholders, thereby demonstrating the ongoing alignment of their interests with the interests of Shareholders. Each such executive officer is required to meet the minimum Share ownership requirement within five years of their date of hiring or promotion into a relevant role, and to maintain the minimum Share ownership requirement throughout their employment by Interfor. In the event that a Share price change or an increase in an executive officer's annual base salary results in that executive officer ceasing to meet the minimum Share ownership requirement, that officer will be required to meet the increased minimum Share ownership requirement within two years of the change. The following table shows the actual Shares and DSU holdings for Named Executive Officers, as of December 31, 2020 and the value of their required holdings.

	Minimum Ownership Requirement (as a multiple of base salary)	Number of Shares Held <sup>(1)</sup>	Number of Deferred Share Units Held	Total Shares and Deferred Share Units Held	Value of Shares and Deferred Share Units Held <sup>(2)</sup>	Value of Holdings Required <sup>(3)</sup>	Meets Minimum Share Ownership Requirement

<b>Martin L. Juravsky<sup>(4)</sup></b>	-	-	-	-	-	-	-

- (1) The number of Shares held includes Shares directly or indirectly beneficially owned or under the control or direction of each Named Executive Officer.  
(2) The value is determined as the higher of: (i) actual purchase price of Shares plus the grant date Fair Market Value of DSUs awarded, and (ii) \$23.67 per Share or DSU held, which is the Fair Market Value of the Shares as of December 31, 2020.  
(3) The value of the Share ownership requirement is based upon the indicated multiple of annual base salary in effect as of December 31, 2020.  
(4) As a result of Mr. Juravsky's voluntary resignation from Interfor effective April 30, 2020, he was no longer required to meet minimum share ownership requirements on December 31, 2020.

The following table shows the total realized and target compensation awarded to the Company's Named Executive Officers for the fiscal years ended December 31, 2018, December 31, 2019 and December 31, 2020.

The Share based award for 2020 was granted under the under the PSU Plan with a performance period end date of December 31, 2022. The amounts shown represent the fair value of the awards at the grant dates and do not represent the actual value of the payout to be received upon maturity of the awards.

- (1) Share Based Awards for 2020 consist of PSU awards made under the PSU Plan. The amount shown for PSU awards represents the fair value of the award at grant date. Given the inclusion of the ROIC performance condition in 2020, the fair market value of the PSUs granted in the 2020 compensation year was assessed as the closing market price on the date of grant. Accordingly, fair value for the 2020 grants were calculated by multiplying the number of PSUs granted by the grant date fair value. The ROIC performance condition cannot be appropriately valued using the Black-Scholes pricing model, which was used the 2018 and 2019 compensation years. This is consistent with the methodology used for financial reporting purposes, in accordance with International Financial Reporting Standard 2, Share-based Payment (IFRS 2).
- (2) Share Based Awards for 2019 and 2018 consist of PSU awards made under the Prior TSR Plan. These amounts represent the fair value of the award at the grant date measured using a combination of call options which are valued using a Black-Scholes pricing model. The Black-Scholes pricing model was used as it is an established pricing methodology widely used by the financial industry and by public companies for securities valuations and is supported as an appropriate methodology under IFRS 2. This is also the accounting fair value. The pricing model includes assumptions on expected volatility, expected life, expected termination rate, expected dividend yield and risk-free interest rate. The fair value on grant date does not represent the actual value of the payout which will be received after the maturity date of the PSU award.
- (3) Annual Incentive Plans reflect STIP awards and President's Awards made to the Named Executive Officers. The STIP threshold was not achieved in 2019 and therefore no STIP awards were paid. There were no President's Awards to any NEOs for 2020.
- (4) Pension Value amounts include Company contributions to the SERP Plan (defined hereafter).
- (5) All Other Compensation includes Company contributions to the DPSP (defined hereafter) for Canadian-based Named Executive Officers, plus perquisites and other personal benefits provided to a Named Executive Officer that are not generally available to all employees. Amounts shown primarily represent premiums paid on life insurance. An amount of \$34,567 is included for Mr. Fillinger in 2020 related to long term disability coverage premiums.
- (6) Total Compensation represents the sum of the amounts in the other columns. It includes the valuation of share-based and option-based awards which may or may not be realized over the life of the awards.

- (7) Mr. Fillinger was paid hardship allowances of \$32,000 in 2018 for extensive travel and time away from home.  
(8) Mr. Luxmoore's amounts have been converted from U.S. Dollars to Canadian Dollars using the Bank of Canada average rate for the relevant year.  
(9) Mr. Juravsky resigned as an employee effective April 30, 2020. As a result, he is not entitled to any future payouts based on his 2018, 2019, and 2020 PSU awards.

- (1) Commencing in 2004, a Named Executive Officer either received a grant under the SAR Plan or the PSU Plan (or the Prior TSR Plan before 2020), but not both.  
(2) Option Exercise Price for SARs represents the base price of the SARs.  
(3) These values represent the target number of PSUs.  
(4) These values do not represent the actual value of the payout which will be received after the maturity date of the award. They are calculated by multiplying the target number of PSUs granted and not yet vested, by the pay performance percentage calculated as of December 31, 2020 and by the Fair Market Value or Market value of the Shares at December 31, 2020, for grants under the Prior TSR Plan and the PSU Plan, respectively. The Fair Market Value and Market Value of the Shares at December 31, 2020 were \$23.67 and \$22.28, respectively.  
(5) These values represent amounts vested in 2020 under the Prior TSR Plan.  
(6) These values reflect the value of DSUs held by the executive officers at December 31, 2020, calculated by multiplying the number of DSUs held by \$23.67, being the Fair Market Value of the Shares as at December 31, 2020. These DSUs vested immediately upon grant or over a term determined by the MRCC, but can only be redeemed when a termination of position has occurred. The number of DSUs held by the Named Executive Officers at December 31, 2020 is shown on page 48 of this Information Circular.  
(7) Based on the Fair Market Value of Shares as at December 31, 2020 of \$23.67 per share.  
(8) Based on the closing sale price of the Common Stock on December 31, 2020 of \$23.77 per share.  
(9) As a result of Mr. Juravsky's voluntary resignation from Interfor effective April 30, 2020, all PSUs granted to him were cancelled and he will not be eligible to receive any future PSU payouts.

(1) PSU award for the 2018-2020 performance period.

(2) Mr. Juravsky resigned as an employee effective April 30, 2020. As a result, he would not be entitled to receive any future PSU payments.

## TOTAL SHAREHOLDER RETURN COMPARISON

The following graph compares the cumulative changes over the last five years in the value of \$100 invested in Shares of the Company with \$100 invested on December 31, 2015, in the S&P/TSX Composite Total Return Index and \$100 invested in the TSX Paper and Forest Products Total Return Index.

### Performance Graph

Total shareholder return in 2016 and 2017 was positive and NEO compensation reflects the gains made. The share price declined in the second half of 2018 as a result of a drop in lumber prices, however strong EBITDA performance in the first half of 2018 resulted in significant payouts under the STIP which increased NEO total compensation. Lumber prices did not recover in 2019, which directly impacted the Share price, the Company's earnings, and our NEO total compensation. The threshold Adjusted EBITDA was not met in 2019, therefore there was no STIP payment for 2019. While the share price declined at the onset of the COVID-19 pandemic, increased demand and high lumber prices through the back half

of 2020 resulted in strong EBITDA performance and significant payouts under the STIP which increased NEO total compensation.

## EQUITY COMPENSATION PLAN INFORMATION

As at December 31, 2020, the Company has reserved the following Shares for possible issuance under its Stock Option Plan.

	Number of securities to be issued upon exercise of outstanding options, warrants and rights <sup>(1)</sup>	Weighted average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans <sup>(2)</sup>
<b>Equity Compensation Plans Approved by Shareholders</b>	639,273	\$16.22	938,709

(1) Securities reflected in the table are options to acquire Shares of the Company.

(2) Excludes Shares reflected in the first column of this table.

## RETIREMENT PLANS

The Company sponsors a group Registered Retirement Savings Plan ("**RRSP**") and a group Deferred Profit Sharing Plan ("**DPSP**") for all of its Canadian salaried employees. The plan provides such employees with an opportunity to make voluntary contributions to the RRSP, which can include a spousal plan, of up to 6% of the employee's base salary and bonuses, up to a maximum of \$13,615 in respect of 2020. The Company matches employee contributions up to 6% with contributions to the DPSP. In Canada, the RRSP/DPSP combined limit in respect of 2020 was \$27,230. All Named Executive Officers except Mr. Luxmoore are eligible to participate in the RRSP/DPSP. All Company contributions to the DPSP vest immediately. If the employee terminates employment they can transfer the accumulated contributions and investment income to another registered plan, take it as taxable cash, or purchase an annuity or retirement income fund. If the employee dies while employed, the funds will be payable to their named beneficiary.

All eligible US employees, including Mr. Luxmoore, were entitled to make voluntary contributions to the Company's 401(k) Plan up to a total maximum of \$19,500 in respect of 2020. Employees age 50 and over may contribute a "catch-up" amount of \$6,500 per year for a maximum deferral of \$26,000 in respect of 2020. The Company makes a matching contribution to participant accounts of up to 4% of an employee's compensation with a maximum match of \$11,400 in respect of 2020. All Company contributions to the 401(k) Plan vest immediately. If the employee terminates employment with an accrued benefit, the participant is entitled to a distribution of the non-forfeitable accrued benefit. The participant may defer payment until the mandatory benefit starting date. No tax consequences result with a direct rollover into a qualified plan. An employee who requests a lump sum withdrawal will be taxed and may incur an early withdrawal penalty. If an employee dies while employed, the funds will be payable to their named beneficiary.

No Named Executive Officers are members of a defined benefit retirement plan.

Named Executive Officers participate in a supplemental retirement plan ("**SERP Plan**"). There is a SERP Plan in Canada for the Canadian residents (the "**Canadian SERP Plan**"), and a SERP Plan in the US for US residents (the "**US SERP Plan**"). The SERP Plans were designed in light of the legislated limits on contributions to the RRSP/DPSP and 401(k) Plans which result in a portion of the Named Executive Officer's salary being excluded each year

from contributions to these Plans. The SERP Plans assist the Company in attracting and retaining key employees by providing such employees with supplemental retirement benefits.

The SERP Plans are administered as unfunded plans, and “notional contributions” vest immediately. The Board may amend or terminate the SERP Plans at any time, and designate the eligible employees to participate in a SERP Plan for that year. For the Canadian SERP Plan, the contribution is in the form of a notional contribution equal to twelve percent of the Named Executive Officer’s compensation reduced by the amounts contributed to the RRSP and DPSP Plans for the year. The accumulated value of the Canadian SERP Plan is secured by bank letters of credit. For the US SERP Plan, the contribution is equal to twelve percent of a participant’s compensation reduced by their personal and employer contribution to the 401(k) Plan for the year.

Benefits from the SERP Plans are paid on the first day of the calendar month that starts after the later of the participant’s 60<sup>th</sup> birthday or termination of employment, in one or a combination of: (i) equal monthly or annual installments; or (ii) in a single lump sum. If a Named Executive Officer terminates their employment with the Company before age 60, they will forfeit the entire value of their account if, before attaining age 60, they engage in competitive employment as determined in good faith.

For the Canadian SERP Plan, the rate of return is set by application of the 10-year median return achieved by Canadian Balanced Pooled Funds, as measured by Aon plc. For 2020, the resulting rate was 8.1%. The US SERP Plan participants may select from three reference investment funds on an annual basis. The reference investment fund choices mirror actual fund choices in the Company’s 401(k) Plan.

The following table sets out information regarding the SERP Plans.

<b>Name</b>	<b>Accumulated Value at Start of 2020</b> \$	<b>Compensatory</b> \$	<b>Accumulated Value at End of 2020</b> \$
<b>Ian M. Fillingier</b>	460,611	59,674	560,011

<b>Martin L. Juravsky<sup>(2)</sup></b>	364,376	-	-

(1) Mr. Luxmoore’s start of year, compensatory, and end of year amounts have been converted from U.S. Dollars to Canadian Dollars using the Bank of Canada closing rate on December 31, 2019, average rate for 2020, and closing rate on December 31, 2020, respectively.

(2) In accordance with the Canadian SERP Plan, Mr. Juravsky was paid a lump sum of \$374,215, representing the balance of his accumulated value on April 30, 2020, his resignation date.

## TERMINATION AND CHANGE OF CONTROL BENEFITS

The Company has entered into agreements with each of the Named Executive Officers that provide them with certain rights in the event of an involuntary termination of employment after a change of control of the Company. A change of control of the Company includes the acquisition of more than 50% of the Shares, the acquisition of control over more than 50% of the Shares, the disposal of all or substantially all of the Company's assets within a one year period, more than half of the slate of persons proposed for election as directors being nominated by a Shareholder or Shareholders acting in concert, or more than half of the directors of the Company being comprised of persons who either were not included in the slate proposed by the Board or were nominated by a Shareholder or Shareholders acting in concert.

Interfor has a double-trigger requirement in place with respect to cash benefits payable following a change of control. This means that two events must occur before any change of control benefits are payable: a change of control of the Company and the termination without cause of the Named Executive Officer's employment.

The table below summarizes the compensation that would be paid to the Named Executive Officers upon termination of employment without cause, either within two years after a change of control of the Company, or before a change of control if, before the termination of the Named Executive Officer, substantive discussions had commenced or an agreement had been entered into that led to the change of control.

Change of Control & Termination	Base Salary	Short Term Incentives	Long Term Incentives	Benefits	Pension / Other

In the event that a Named Executive Officer's employment is terminated for cause, voluntary resignation, disability, death or retirement, no payments or benefits will be made or provided under their change of control or severance agreements.

Each of the SAR Plan and PSU Plan has provisions that accelerate the vesting of SARs or PSUs, in circumstances where the Shares that form the basis for valuation of such SARs or PSUs, are materially affected in terms of value or become illiquid. Under these plans, if: (i) an offer is made by a third party to purchase Shares and more than 50% of the outstanding Shares are taken up and paid for under the offer; or (ii) a corporate reorganization in which the holders of SARs or PSUs do not otherwise participate as holders of SARs or PSUs and which, in the opinion of the Board results in an illiquid market for the Shares, is effected (each, a "**Takeover**"), each of the Named Executive Officers shall for a period of 30 days after the Takeover have the right to exercise or be paid that percentage of their SARs or PSUs that is equal to the percentage of outstanding Shares taken up and paid for under the offer under (i) above (or such greater percentage as may be determined by the Board) or, in the case of a reorganization referred to in (ii) above, all SARs and PSUs

held by that executive, notwithstanding that under its terms a SAR or PSU may not become exercisable until a later date.

Under the PSU Plan, if employment of a Named Executive Officer with Interfor or an affiliate is terminated following a change of control, and not for cause, the PSUs awarded (if any) relating to any performance period during which such cessation of employment occurs shall be accelerated and paid on or about 30 days following the date of termination of employment based on the total shareholder return performance and compound annual growth rate measured over each such performance period and determined as if the applicable performance periods ended on the date of the change of control. The incremental amount that would be payable to any Named Executive Officer in relation to any PSU awards under the PSU Plan following or in connection with any termination of employment not for cause, resignation, retirement or change of control or change in a Named Executive Officer's responsibilities, assuming the triggering event took place on December 31, 2020, is shown in the table above. For more information on the PSU Plan, please see page 42 of this Information Circular.

As disclosed in the table on page 50 of this Information Circular, two of the Named Executive Officers held DSUs as at December 31, 2020. Such DSUs were received either through elections made by the Named Executive Officer to receive payments in DSUs under the PSU Plan or by direct grants of DSUs under the DSU Plan. These DSUs vested immediately upon grant or over a term determined by the MRCC, but can only be redeemed when a termination of position has occurred. The table on page 50 of this Information Circular sets out the Fair Market Value of such DSUs as at December 31, 2020. The Named Executive Officers holding such DSUs, are entitled to payment under the DSU Plan in respect of such DSUs following termination of employment, regardless of the reason for termination. No incremental payments will be made under the DSU Plan in the event of termination of employment, resignation, retirement, change of control or change in a Named Executive Officer's responsibilities. For more information regarding the DSU Plan, please see pages 32 and 47 of this Information Circular.
